

How to Play Castles And Keys

OBJECTIVE

The objective of Castles and Keys is to unlock the three castles. You and your friends may decide that the first one to unlock them all gets a special prizes.

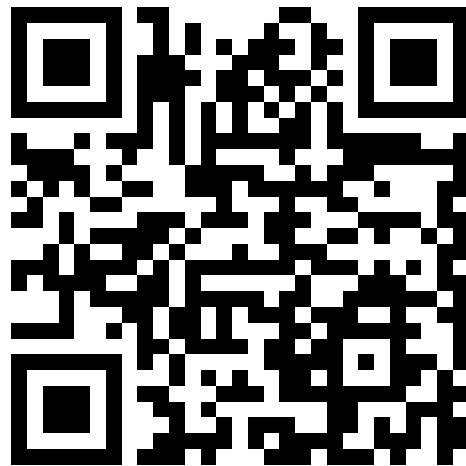

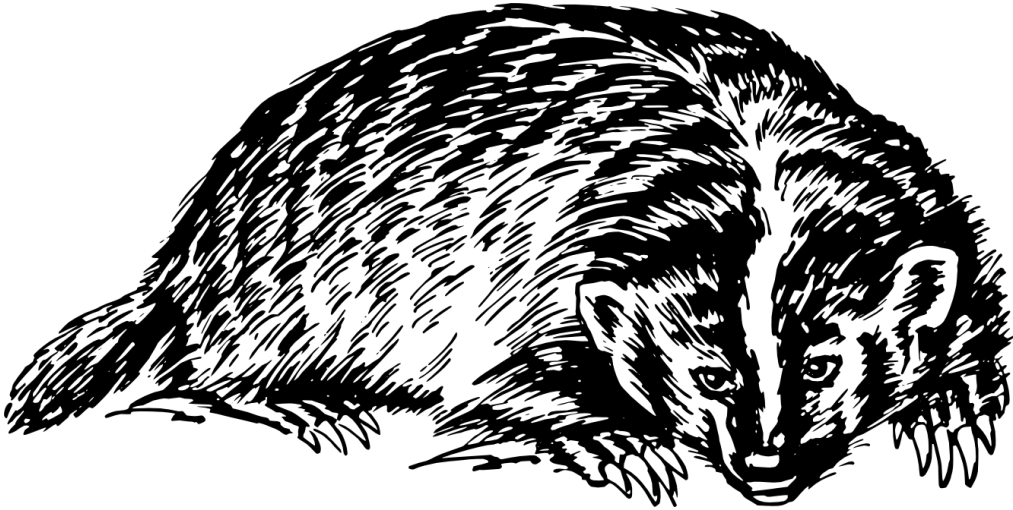

SETUP

Print out this document. Place the three “Play as” sheets in a place every player knows about. Place the three castles next. To make the game more challenging, you could hide the castles in out of the way places. You should definitely hide the three key sheets.

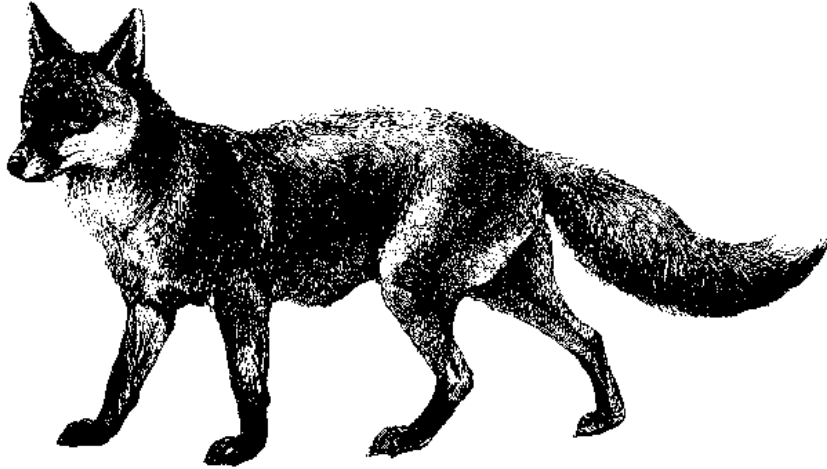

PLAY

Each player scans a “Play as” sheet to become one of three avatars: Badger, Fox or Rabbit. Then, the players must find and scan each key with a QR scanner. Then, the players must scan the castles. You must scan the correct key to open each castle.
